

## Global sales partner agreement of Saligen Rapid COVID-19 Antigen Test distribution

***KaukoInternational Oy Ltd. and KNM Eesti OÜ have signed a Global sales partner agreement for global distribution of Saligen, the rapid 15-minute COVID-19 Antigen Test. KNM and KaukoInternational together form a business and sales partnership. KaukoInternational is the contact point for distributors and resellers on a global scale. KNM focuses on packaging and localization of Saligen.***

13.4.2021, Espoo KaukoInternational and KNM are joining forces in bringing the most reliable non-invasive Antigen test for coronavirus (SARS-CoV-2) into global distribution.

Manufactured in EU by Bakter Medical s.r.o., the Saligen Antigen Test is based on a saliva sample. It is simple to use ("spit & wait") and provides a result in 10-20 minutes. Accuracy is up to 97% according to the latest research. The test is CE marked and complies with In Vitro Diagnostic Directive (98/79/EC). It has been approved as COVID-19 rapid test in EU.

KaukoInternational as a sales partner is rapidly expanding the global sales network and looking for strong and local distributors with wide existing network. Saligen test is already available in selected markets. KaukoInternational is managing the sales and distribution globally, excluding certain Eastern European countries where KNM is the exclusive distributor.

Fast and easy-to-use Saligen test brings relief to COVID-19 testing in professional use, and in the future for consumer and private use as well. Saligen COVID-19 rapid test will assist in re-opening our society and help in returning businesses, cultural and sporting events, restaurants, factories etc. back to "normal".
